

## Changes to services to Glenmore Park NSW 2745

We have always focused on giving priority towards Business-to-Business freight. This is where we want to be in the market place, offering the best same day service for business clients in NSW.

Most of our clients have a little freight going to private addresses; this is almost unavoidable given the online world we live in.

We have decided to do a little fine-tuning to ensure we have time to deliver the same day service we are renowned for....

**As of Monday 17<sup>th</sup> June 2019, we will be servicing the suburb Glenmore Park NSW 2745 only in our morning run.**

**We will no longer be offering a same day delivery to Glenmore Park NSW 2745....only overnight.**

For pickups from Glenmore Park, please book these in by 10am for collection that morning.

Pickups booked after 10am will be picked up the following morning.

Doing this ensures our drivers have more time to service businesses in the Penrith area, whilst still offering a daily service to Glenmore Park.

Thank you lovely client,  
Go Logistics Team
